25X1	11.	Finsterwalde - The hangars were closed at the time of observation. Four to six biplanes were standing on the Finsterwalde-West improvised airfield.  About 1500 Soviet Air Force troops were seen in a bathing establishment.  Trucks vere observed.***	
25X1	*	Comment: To date a maximum of fifty-five Type 14 jets have been seen	
25X1		at Laerz. The increase possibly is due to recent replacements of conventional aircraft by jets in all fighter regiments of the 24th Air Army.	
		Comment: This report confirms that no air unit is stationed at K8then.

25X1		Comment: No air unit is assumed to be stationed at Finsterwalde since the airfield is presently being improved. Biplanes seen at Finsterwalde-West were probably courier planes. Though they have been previously observed there,	
25X1		it is not known to what unit they are assigned.
